

Transition into the professional world

Presentation

The purpose of this seminar is to help students in the SGM Master's program to prepare for their occupational integration, in other words to support them in identifying the occupations, positions and sectors that attract them, in finding an internship and in preparing for their entry into the job market.

In brief

ECTS credits : 3.0

Number of hours : 18.0

Teaching activity : Seminar

Year : Fifth year

Validation : Continuous assessment

Formule pédagogique

Each student will be assessed on the basis of an individual assignment consisting of writing a "vocational statement" (50%) in which he/she will present his/her professional project (sector and type of organization they are interested in joining, the type of function he/she wishes to perform there and the skills he/she intends to use and develop) and a collective assignment consisting of organizing and conducting a 'occupation' interview with a professional invited within the framework of the seminars (50%).
