

## Sport

### Presentation

While studying at Sciences Po Bordeaux, students are required to practice a sport on a regular basis, and their sports grade will count in the final assessment, at the end of the university course. They are free to choose the sport they wish to participate in, according to their tastes and motivations, but also and especially according to their schedule and according to the official list of sports proposed at the beginning of the year. Only the sports included in this list will be accepted for the final assessment.

### In brief

**ECTS credits** : 2.0

**Teaching term** : Annual

**Year** : Third year

## Form of assessment

---

To ensure that his/her mark for the year is validated, the student must participate in the sport between one and two hours every week, over at least 18 sessions distributed equally over semesters 1 and 2.
